Professional Experience

Accident & Health Underwriting Intern 06/2026 – 08/2026 | New York, NY
RenaissanceRe
- Built a proof-of-concept claims database workflow using Power BI, Excel, and Power Query to aggregate medical insurance claim records across cedents.
- Standardized and consolidated 6 years of cedent claim data to improve data consistency, accessibility, and usability for Accident & Health underwriting analysis.
- Analyzed catastrophic claimants, claim outcomes, and year-over-year claim cost trends to identify potential drivers of increasing medical claim costs.
- Presented database feasibility and claims analysis findings to support future underwriting reporting, portfolio review, and data-driven decision-making.

Underwriting Externship 01/2025 – 02/2025 | Remote
Aetna, a CVS Health Company
- Completed the Underwriting 101 training program, gaining foundational knowledge in insurance principles, risk assessment, and funding arrangements.
- Collaborated in workshops to analyze business scenarios, assess risks, and develop strategic solutions aligned with industry best practices.
- Networked with senior leadership and members of the Underwriting Leadership Development Program to gain career guidance and industry insights.

Medical Assistant 05/2024 – 09/2024 | Brooklyn, NY
Dr. You Guang Ding General Practice
- Processed billing and insurance information while managing confidential patient records, ensuring accuracy, compliance, and seamless transactions.
- Assisted the doctor in e-prescribing medications, ensuring accuracy and timely processing of prescriptions.
- Scheduled and managed patient appointments, answered phone inquiries with professionalism, and coordinated with medical staff to ensure smooth communication, efficient workflow, and high-quality patient care.

Green Data Analyst 07/2024 – 08/2024 | Remote
Infinity Educational Programs, Inc.
- Researched and analyzed sustainability data, applying statistical and trend analysis to assess environmental impact and identify improvement opportunities.
- Utilized Microsoft Excel and data analysis tools to organize, model, and interpret large datasets, producing actionable insights for program initiatives.
- Prepared reports summarizing findings and recommendations to support sustainability-focused decision-making.

Camp Counselor 06/2022 – 07/2023 | Brooklyn, NY
Brooklyn Chinese-American Association
- Planned and organized lessons in language, math, art, and social studies, ensuring engaging and age-appropriate activities.
- Led a classroom of students through daily lessons and group activities, fostering both academic and social development.
- Guided student behavior and progress while communicating with parents to support growth and improvement.
